INDEX, VOLUME 13, 1959

Abbreviations. **A.** = abstract; **Art.** = article; **B.R.** = book review.

Abstract Bibliography of Fruit Breeding and Genetics to 1955. *Rubus* and *Ribes*—A Survey. R. S. Knight and E. Keep. B.R. 204
Agriculture and Economic Development in India. P. Maheshwari and S. L. Tandon. Art. 205
Algae: The Grasses of Many Waters. L. H. Tiffany. B.R. 264
Annual Review of Plant Physiology. Vol. 9. 1958. A. S. Crafts, L. Machlis, and J. G. Torrey. (Eds.) B.R. 87
Annual Review of Plant Physiology. Vol. 10. 1959. L. Machlis (Ed.) B.R. 372
Antimicrobial Activity of Vascular Plants. L. G. Nickell. Art. 281
Arizona Plant Waxes. A. 29
Armour, R. P. Investigations on *Simarouba glauca* DC. in El Salvador. Art. 41
Barrau, J. The Sago Palms and Other Food Plants of Marsh Dwellers in the South Pacific Islands. Art. 151
Bluegrass' Grassroots Empire. R. W. Schery. Art. 75
Cactus Apples. A. 66
Cassava Leaf Protein. D. J. Rogers. Art. 261
Castor Oil in Perfumery. A. 280
Coffee By-Products. A. 86
Control of Plant Diseases by Chemotherapy, The. J. E. Livingston and M. T. Hilborn. Art. 3
Crafts, A. S., L. Machlis, and J. G. Torrey. (Eds.) Annual Review of Plant Physiology. Vol. 9. 1958. B.R. 87
Critique on Apomixis in Sugarcane. S. Price. Art. 67
Cruse, R. R. Recent Highlights in the Chemurgy of Xerophytic Plants. Art. 243
Curcuma Root. A. 85
Domestic Tung Industry, The. I. Production and Improvement of the Tung Tree. G. F. Potter. Art. 328
Duvick, D. N. The Use of Crytoplasmic Male-sterility in Hybrid Seed Production. Art. 167
Ecological Indications of the Need for a New Approach to Tropical Land Use. L. R. Holdridge. Art. 271
Edible Wild Plants of Eastern North America. M. L. Fernald and A. C. Kinsey. B.R. 265
Fernald, M. L. and A. C. Kinsey. Edible Wild Plants of Eastern North America. B.R. 265
Frear, D. E. H. Pesticide Handbook. B.R. 87
Furcellaran, a Versatile Seaweed Extract. R. E. Schachat and M. Glicksman. Art. 365
Ginger in Jamaica. A. 86
Glicksman, M. and R. E. Schachat, Furcellaran, a Versatile Seaweed Extract. Art. 365
Goldblatt, L. A. The Tung Industry. II. Processing and Utilization. Art. 343
Hemingway, J. S. and J. G. Vaughan. The Utilization of Mustards. Art. 196
Hilborn, M. T. and J. E. Livingston. The Control of Plant Diseases by Chemotherapy. Art. 3
Holdridge, L. R. Ecological Indications of the Need for a New Approach to Tropical Land Use. Art. 271
Investigations on *Simarouba glauca* DC. in El Salvador. R. P. Armour. Art. 41
Johnston, B. F. The Staple Food Economies of Western Tropical Africa. B.R. 372
Jones, Q., C. R. Smith, Jr., M. C. Shekleton, I. A. Wolff. Seed Protein Sources—Amino Acid Composition and Total Protein Content of Various Plant Seeds. Art. 132
Knight, R. S. and E. Keep. Abstract Bibliography of Fruit Breeding and Genetics to 1955. *Rubus* and *Ribes*—A Survey. B.R. 204
Living Telegraph Poles. A. 150
Livingston, J. E. and M. T. Hilborn. The Control of Plant Diseases by Chemotherapy. Art. 3
Machlis, L. (Ed.) Annual Review of Plant Physiology. Vol. 10. 1959. B.R. 372
Maheshwari, P. and S. L. Tandon. Agriculture and Economic Development in India. Art. 205
Nickell, L. G. Antimicrobial Activity of Vascular Plants. Art. 281

Nickell, L. G. Antimicrobial Activity of Vascular Plants. Art. 281

Nomenclature of Plants. H. St. John. B.R. 204
Orchids, The, a Scientific Survey. Carl L. Withner (Ed.) B.R. 371
Pesticide Handbook. D. E. H. Frear. B.R. 87
Potter, G. F. The Domestic Tung Industry. I. Production and Improvement of the Tung Tree. Art. 328
Price, S. Critique on Apomixis in Sugarcane. Art. 67
Recent Highlights in the Chemurgy of Xerophytic Plants. R. R. Cruse. Art. 243
Retamo Wax. A. 50
Rogers, D. J. Cassava Leaf Protein. Art. 261
Ross, P. Teak in Trinidad. Art. 30
Sago Palms and Other Food Plants of Marsh Dwellers in the South Pacific Islands. J. Barrau. Art. 151
St. John, H. Nomenclature of Plants. B.R. 204
Schachat, R. E. and M. Glicksman. Furcellaran, a Versatile Seaweed Extract. Art. 365
Schery, R. W. Bluegrass' Grassroots Empire. Art. 75
Seed Protein Sources—Amino Acid Composition and Total Protein Content of Various Plant Seeds. C. R. Smith, Jr., M. C. Shekleton, I. A. Wolff, and Q. Jones. Art. 132
Shekleton, M. C., C. R. Smith, Jr., I. A. Wolff, and Q. Jones. Seed Protein Sources—Amino Acid Composition and Total Protein Content of Various Plant Seeds. Art. 132
Smith, C. R., Jr., M. C. Shekleton, I. A. Wolff, and Q. Jones. Seed Protein Sources—Amino Acid Composition and Total Protein Content of Various Plant Seeds. Art. 132
Society for Economic Botany, On the Formation of the. Art. 165
Some Food Plants Used by the Bushmen in Obtaining Food and Water. R. Story. B.R. 371
Spearmint. A. 84
Staple Food Economies of Western Tropical Africa, The. B. F. Johnson. B.R. 372
Story, R. Some Food Plants Used by the Bushmen in Obtaining Food and Water. B.R. 371
Tandon, S. L. and P. Maheshwari. Agriculture and Economic Development in India. Art. 205
Teak in Trinidad. P. Ross. Art. 30
Tiffany, L. H. Algae: The Grasses of Many Waters. B.R. 264
Tung Industry, The. II. Processing and Utilization. L. A. Goldblatt. Art. 343
Use of Cytoplasmic Male-sterility in Hybrid Seed Production, The. D. N. Duvick. Art. 167
Use of Maize by the New Zealand Maoris, The. D. E. Yen. Art. 319
Useful Plants in the Canadian Arctic Archipelago. A. 85
Utilization of Marine Algae in Tropical South and East Asia, The. J. S. Zaneveld. Art. 89
Utilization of Mustards, The. J. G. Vaughan and J. S. Hemingway. Art. 196
Vaughan, J. G. and J. S. Hemingway. The Utilization of Mustards. Art. 196
Withner, C. L. (Ed.) The Orchids, a Scientific Survey. B.R. 371
Wolff, I. A., C. R. Smith, Jr., M. C. Shekleton, and Q. Jones. Seed Protein Sources—Amino Acid Composition and Total Protein Content of Various Plant Seeds. Art. 132
Yen, D. E. The Use of Maize by the New Zealand Maoris. Art. 319
Ylang ylang for Perfume. A. 370
Zaneveld, J. S. Utilization of Marine Algae in Tropical South and East Asia. Art. 89

ECONOMIC BOTANY

Devoted to Applied Botany and Plant Utilization

Founded by

Edmund H. Fulling

Publication of The Society for Economic Botany

VOLUME XIII

1959
